Result	PASS	Report Date	03-NOV-2023
Customer Name	Life Time, Inc.		
Tested To	NSF 229		
Trade Designation	VEGAN PROTEIN CHOCOLATE		
Test Type	Qualification		
Job Number	J-00471211		
Lot Number	_		
Project Number	W0855587		
Project Manager			

Thank you for having your product tested by NSF.

Please contact your Project Manager if you have any questions or concerns pertaining to this report.

Date 03-NOV-2023

Please see page 7 in the test report for text relevant to lead and Proposition 65 warning requirements.

General Information

Guideline: NSF 229 DCC Number: FC01490

Lot#: _

Physical Description of Sample: Powder Test Description: Initial Label Claim Testing

Trade Designation / Product ID: VEGAN PROTEIN CHOCOLATE

This finished product was evaluated per category "Finished products containing Botanical extract / Other dietary supplement ingredient" for

microbial contaminants as stated in Standard NSF/ANSI 173 for Dietary Supplements.

Sample Id: S-0002053687

Description: VEGAN PROTEIN CHOCOLATE | Powder

Sampled Date: 10/02/2023 **Received Date:** 10/02/2023

Test descriptions preceded by an asterisk "*" indicate that testing has been performed per NSF requirements but is not within its scope of accreditation.

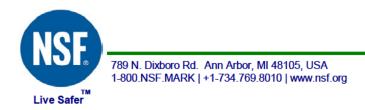

Unless otherwise indicated, method uncertainties are not applied in any determinations of conformity. Testing utilizes the requested sections of any referenced standards, which may not be the entire standard.

Dates of Laboratory Activity: 02-OCT-2023 to 02-NOV-2023

Please note that during the testing of the dietary supplement product or ingredient herein, the level of lead and other chemicals of interest may have been measured. The pass/fail criteria for contaminants can be found in the most recent version of NSF/ANSI 173. These limits may conflict with some state level regulations.

If this material is to be sold or distributed in the State of California, consideration should be given if it is necessary to provide a Proposition 65 warning. A full list of the current Proposition 65 Safe Harbor Limits can be found here: http://www.oehha.ca.gov/prop65/getNSRLs.html.

Job Notes:

Note: Microbial contaminants evaluated under NSF Deviation # 2023-003. Conformance assessment for known adulterants and chemical contaminants(NSF/ANSI 173 and NSF 229 sections 5.3.5 & 7.4) was performed under NSF Deviation #2024-003.

Test descriptions preceded by an asterisk "*" indicate that testing has been performed per NSF requirements but is not within its scope of accreditation.

Unless otherwise indicated, method uncertainties are not applied in any determinations of conformity. Testing utilizes the requested sections of any referenced standards, which may not be the entire standard.

Dates of Laboratory Activity: 06-APR-2024 to 06-JUN-2024

Please note that during the testing of the dietary supplement product or ingredient herein, the level of lead and other chemicals of interest may have been measured. The pass/fail criteria for contaminants can be found in the most recent version of NSF/ANSI 173. These limits may conflict with some state level regulations.

If this material is to be sold or distributed in the State of California, consideration should be given if it is necessary to provide a Proposition 65 warning. A full list of the current Proposition 65 Safe Harbor Limits can be found here: http://www.oehha.ca.gov/prop65/getNSRLs.html.
